 Center For Better Health**

ABOUT US

WELCOME TO AGRAWAL DIAGNOSTIC CENTRE

AGRAWAL DIAGNOSTIC CENTRE was started in 2001 and now it has become one of the top center in this region which has earned great name and popularity. Centre is a fully digital imaging centre with automated and computerized pathology laboratory. It is equipped with latest and most modern equipment available today. We are dedicated to comprehensive, high-quality, rapid-response laboratory testing at affordable prices. We use advanced technologies to provide information that is critical to the diagnosis and treatment of all diseases. We are committed to maintain and improve the health of the patients we treat. We strive to provide excellence in health care through a wide range of services with quality health care delivery system that is both cost-effective and accurate.

OUR MISSION

Our mission is to pass benefits of technological and medical advancements to you at minimal cost. Consistent with our motto of continuous improvement, we recently expanded the range and scope of our personalized services. We have made extensive renovations and have acquired new technology.

OUR VISION

The AGRAWAL DIAGONASTIC CENTRE was formed by physicians to enhance patient care through interaction and cooperation. This cooperative spirit promotes excellence in the provision of medical services to the customers we serve.
